# HEAT SINK SET

Heat sink set for single board computers
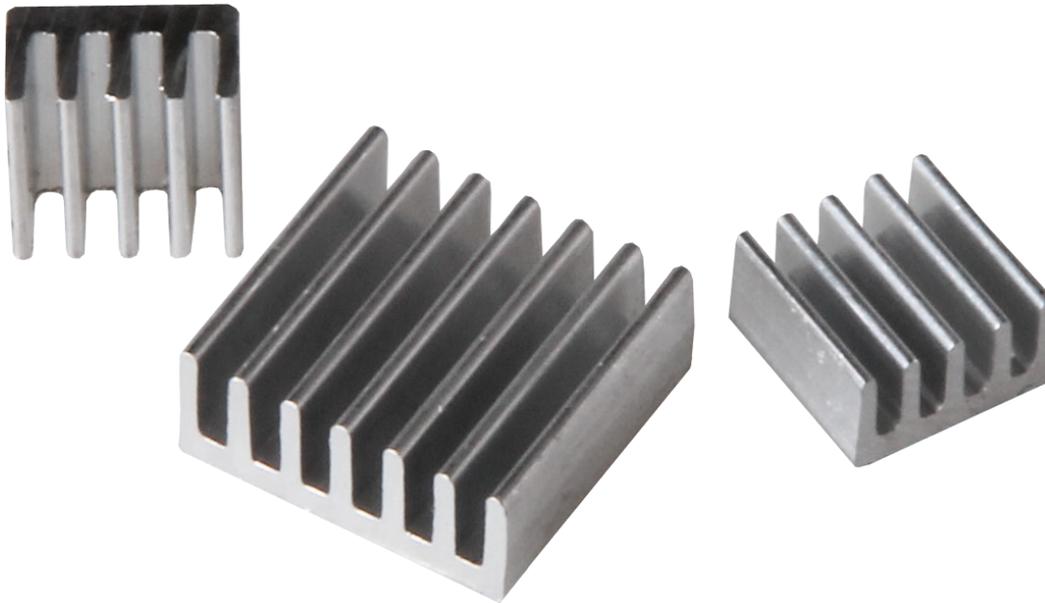

1. GENERAL INFORMATION

Dear customer,

thank you for choosing our product. In the following, we will show you how to use your product.

Should you encounter any unexpected problems during use, please do not hesitate to contact us.

This heat sink set for all Raspberry Pis, BananaPi, pcDuino and other single board computers consists of 3 adhesive heat sinks. That way you can protect your device perfectly for high temperature conditions or if your CPU is overclocked for thermal issues.
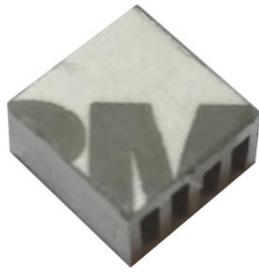

Gently remove the foil in order that the adhesive surface appears.
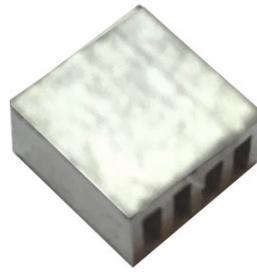

Now press the heat sink with light pressure on the chip so that the adhesive surface is pointing to the board.
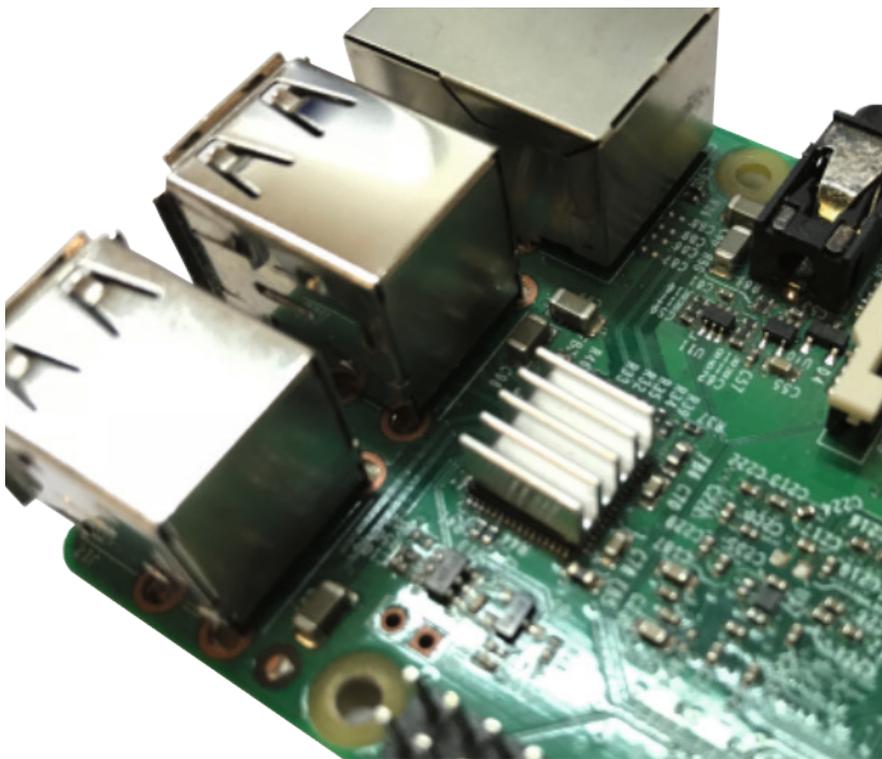

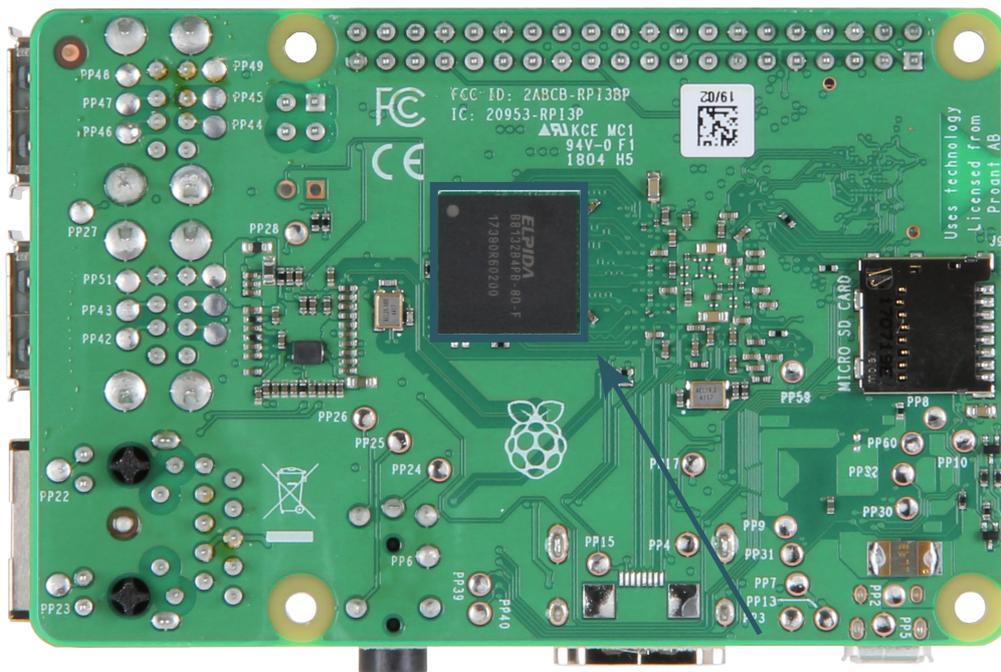

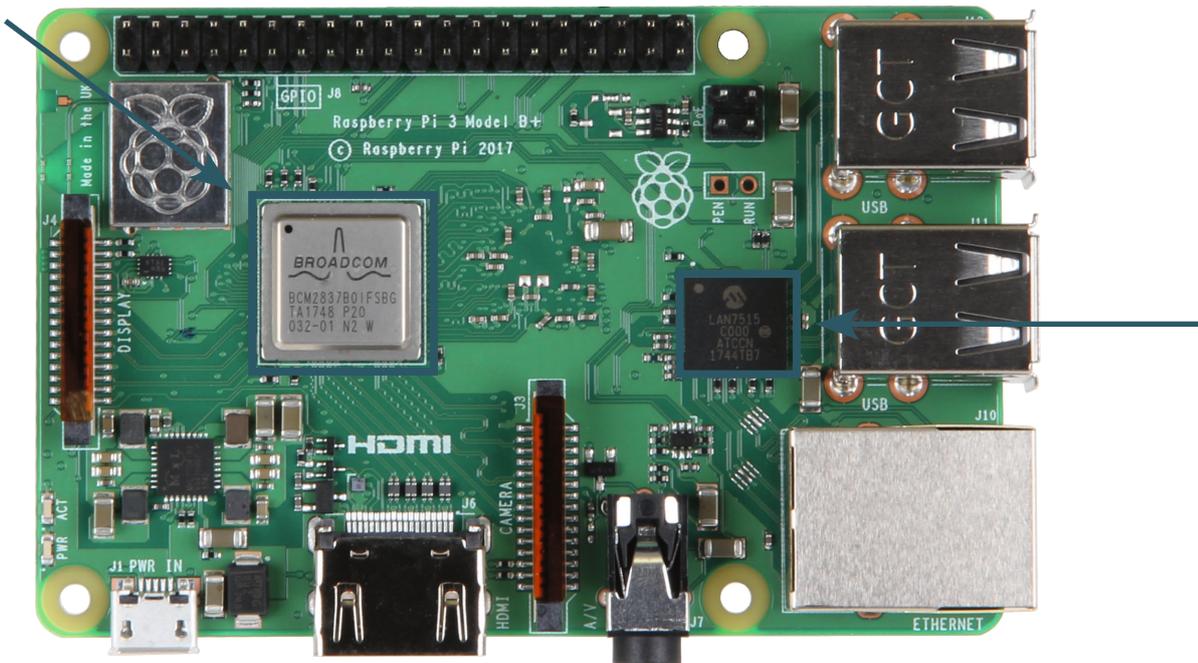

The possibility of the mounting at the bottom of the Raspberry Pi depends on the capabilities of the used case.

4. SUPPORT
